## **WELCOME**

Thank you for enjoying our series of digital car A/V product.  
To properly use this product, please go through this instruction manual for installation and operation, put it in a safe place for future use!

## **WARNING**

1. Please keep the disc slot clean, wipe it off when there is some dirt on it. You should wipe off any dirt on the disc before you place it into the unit. If the disc is dirty and you place it inside the unit, it will cause the unit to go into an error and will not play the disc. Please ask professional to clean the laser.
2. Playing the radio at higher volumes for a long period of time may cause hearing issues. You should play this unit at a moderate listen level.
3. This unit is set up by precision parts. If you open up this unit, you will void any and all of your warranty.
4. Please do not touch LCD display with any hard object so that you prevent it from getting scratched or damaged.
5. To avoid an accident caused by watching the LCD screen. This unit has a vehicle lock out wire so that you will not be allowed to watch a video while driving down the road.
6. This unit is meant for a 12V power and negative ground system from a vehicle.

### **NOTE:**

We keep improving this product all the time. There may be some changes in it that are not in this manual.

**Note:** For safeguard car DVD player, please don't open the display in the -10°C temperature. The display can be open when the unit heat fifteen minutes.

# INSTRUCTIONS

3. (VOL/SEL) Volume adjustment mode
4. Number Button 3/RDM (Random playback)
5. Number Button 2/RPT (Repeat Playback)
6. Number Button 1/INT (Intro Scan)
7. LCD Display window
8. Number Button 4/OSD
9. Number Button 5/ STOP
10. Number Button 6/PALY
11. BAND/SYS /P.N button
12. USB socket
13. A/V AUX External Input
14. AMS Program Preset/TV Auto Save/Play Repeat button
15. Release button
16. DN Adjustment(TFT Screen)
17. PIC Color Selection button
18. UP Adjustment(TFT Screen)
19. TFT Display Screen Extend/Retreat
20. MUTE / TFT on/off button
21. Disc load slot

### Contact book mode switching

You can touch this button under the Bluetooth mode to select the next mode.

Touch this function key to search the dialed numbers. Each time this key is touched, the cursor will move to the next dialed number.

Touch this function key to search the received numbers. Each time this key is touched, the cursor will move to the next received number.

Touch this function key to search the missed numbers. Each time this key is touched, the cursor will move to the next missed number.

### Operations and Settings for the Bluetooth Function

#### 1. Features of the Bluetooth function

- 1) You can use the function buttons on the unit to receive a call or dial a phone number.
- 2) You can directly use the hand-free microphone to talk on the phone.
- 3) You can use the build-in volume control switch to adjust the volume at will.
- 4) You can switch between the Bluetooth hand-free mode and the cell phone mode.
- 5) You can use your voice to dial a new number (valid only for cell phones with voice dialing function).
- 6) With the Bluetooth function, you can use the Bluetooth microphone in the car to talk with your folks and friends without having to hold your cell phone, so that your hands are dedicated for driving, which is safer and law-obeying. In the mean time, magnetic radiation from the cell phone is avoided.

#### 2. Bluetooth match conditions

You can shortly touch the Bluetooth function key under the main menu to directly access the Bluetooth interface.

With a cell phone that supports the function of Bluetooth wireless connection, you can establish a connection between your cell phone and the automobile-loaded unit under the Bluetooth mode to achieve date exchange and synchronization.

#### 3. Matching and connections between the cell phone and the Bluetooth of the unit

Set your cell phone to the Bluetooth mode, and use the cell phone to search equipments. After the Bluetooth equipment of the unit is searched, the cell phone will ask you for the Bluetooth password. Press the unit matching setup button , and enter the Bluetooth password (0000) and confirm it, and then the cell phone will ask you whether you authorize the connection with this equipment or not. Please select "YES", and the cell phone will be automatically connected with the said Bluetooth equipment within 30 seconds. "OK LINK" will be displayed on the Bluetooth interface to show that a connection between the cell phone and the Bluetooth device has been successfully established. Under and mode (radio, TV, DVD, etc.), if there is an incoming call to your cell phone which has been stably connected to the Bluetooth device of the unit, the unit will switch from other mode to the Bluetooth mode after the cell phone rings for about 10 seconds. Current mode will be automatically restored after hang-up.

## BLUETOOTH TOUCH OPERATION (PIC 9)

1. Bluetooth hand-free/cell phone switching
2. Matching function during Bluetooth connection
3. Voice dialing function
4. Contact book mode switching
5. Return to the main screen
6. Hand-free key
7. Phone number display
8. Hang-up key
9. Delete key
10. Number keys

### Functions and Descriptions

#### Bluetooth hand-free/cell phone switching

If you touch this switching button at the upper-left corner of the screen under the Bluetooth hand-free mode, the speaker will beep and the hand-free mode will be switched to the cell-phone mode.

#### Voice dialing function

If you touch the "Voice dial" button at the lower-left corner of the screen under the Bluetooth hand-free mode and the cell-phone mode, you will hear the keying tone, and you can go ahead with the voice dialing function according to the cell-phone instructions. Eg, if you wish to call someone, you can pronounce his/her name stored in the cell phone, then, the name of the person to be called will be played by the speaker, and the telephone number of this person will be displayed on the screen and automatically dialed.

#### To cancel voice dialing

If you wish to disable the voice dialing function in the voice dialing mode, you can press the "Voice dialing" key again, and this function will be disabled after you hearing the keying tone.

**Hand-free button:** After a phone number is keyed in, press this button to call the user of this phone number. When there is an incoming call, Press this button to connect this call.

**Hang-up button:** When there is an incoming call, press this button to hang up or refuse to connect it.

**Delete button:** When a wrong digit is keyed in, press this button to delete the wrong digit.

**Number keys:** You can use these number keys to enter a phone number.

**Phone number display:** The phone number that you have just entered is displayed here.
